In some cases, animals may have a reaction to their vaccination. This may result in lethargy, swelling or tenderness around the injection site. If an intranasal vaccine was used, this can result in a runny nose or eyes. These reactions are generally mild and resolve within a few days. More serious reactions, though rare, can also occur. If you have any concerns you should contact us immediately. An animal is not considered immunized for at least 28 days after the initial or primary

DOG FOSTER RETURN INFORMATION SHEET

This sheet is designed to help place dogs into appropriate homes. **PLEASE BE HONEST.** The information you provide will help potential adopters make an accurate decision as to whether or not your dog will fit into the environment they can provide.

Today's Date: 10/27/2016

1. What is your foster dog's name? Hunter

Does he/she answer to this name? yes - "HUNTER-BOOOOOS" (Hunter-Boo)

2. How long have you fostered this dog? 4 weeks

3. Is the dog house-trained? YES ☒ NO ☐ How does your dog let you know that

it needs to go out? Vocal. And we let him occasionally. First 2 weeks he had several accidents

4. Has your foster dog had "accidents" in the house? YES ☒ NO ☐ If yes, how often?

Nervous. Getting used to each other.

Where does it happen? Tile floor near front door. A few times in bedroom carpet.

What corrections have you used? Tell him, "no" push nose in carpet and immediately put outside. This worked the best. Positive reinforcement did not work on him.

5. Has your foster dog ever used a crate? YES ☒ NO ☐

If so, what kind (wire or plastic)? wire

6. How did your foster dog do in the crate? Very good. A little crying for 5-10 minutes but then he relaxed and settled in.

7. How long was your foster dog in the crate? 6-8 hrs

1st week we crated at night. crate was in master bedroom.

8. Where was the crate located? 2nd week we did not crate at all. 3rd week - crated during day and moved crate to living room.

Chew Household objects or furniture? YES ☒ NO ☐

Dig in the yard? YES ☐ NO ☒

Jump on people? YES ☒ NO ☐

using a squirt water bottle

Enjoy riding in the car? YES ☒ NO ☐

30. How does your foster dog walk on a leash? PULL X NOT PULL _____

Other. 60% pull, 40% curiously sniffing everything.

31. Would you say your foster dog's energy is HIGH X MODERATE _____

LOW _____

32. What does your foster dog love doing the most? Fetch! He just loves to play with people & other dogs.

Any additional Comments or Information you'd like for us to know about? Hunter is a great dog. But he does require attention. He is smart & very

trainable. Nothing can be left out on counters or furniture tops. He knows how to sit very well. His licks are big & wet. Sometimes his licks will turn into playful nibbles. The 2 things he needs the most work on:

- ① Do not jump on people. → use water squirt bottle
- ② Do not switch from playful licks to arm nibbles.

He will make a great pet for someone!
