LETTER OF ACCLIMATION

Owner's Name: Dena Sparks

Pet's Name: Scrappy

Species: Canine

Breed: Lab Mix

Sex: Female/Spayed

To Whom It May Concern:

The animal listed above appears healthy for transport but needs to be maintained at a temperature within the animal's thermo neutral zone. It is recommended that the ambient temperature of the animal's environment not be outside 45°F - 85°, as specified in USDA Reg Title 9CFR Sec 3.18. If the animal is exposed to temperature variations +/- 20 degrees outside the recommendations, exposure should be brief.

Sincerely,

Sarah Shedenhelm, DVM
