Hi Kathy,

I didn't do Wag's Rabies vaccination, but HSIC took their copy to the other vet & got his signature. Homer scanned and sent it along with the copy of her stickers. Please let me know if you didn't receive them.

Thanks,  
Nanci

Hi Kathy,

I don't think the copy that HSIC has is signed (we are not required here) but will check.

Homer can print another one out at the office, but we are not in the office today, so it will be later when he can get back out there to do it. The Rabies Certificate program is only on the office computer and not the laptops.

I also have the copy of Wags' stickers and will have him scan and send it at the same time.

Sorry for the delay,  
Nanci

Hi,

I don't have a scanned copy of Wags' rabies certificate. Can you send me one, please?

Thanks,  
Kathy
